This is the first publication of key stage 2 attainment statistics since 2019 due to the cancellation of 2020 and 2021 assessments during the pandemic. These pupils experienced disruption to their learning during the pandemic, particularly at the end of year 4 and in year 5. We are very proud of our children and our teachers for their ongoing dedication to ensuring good or better outcomes for our children. We are also very grateful to the parents for their ongoing support.
